April 2010

Telecommunications Policy, Volume 34 Issue 3**Publisher:** Pergamon Press, Inc.**Bibliometrics:** Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Downloads (Overall): n/a, Citation Count

With the 2008 Federal Communications Commission (FCC) order amending both the definition of broadband and its data collection practices, the problems associated with data integrity and ZIP code aggregations in the United States will soon be forgotten. ...

Keywords: Broadband, Competition, Data envelopment analysis, Regional development, Spatial analysis, United States

22 [Technology-use mediation: making sense of electronic communication in an organizational context](#)[Jorgen P. Bansler, Erling Havn](#)November 2003 **GROUP '03: Proceedings of the 2003 international ACM SIGGROUP conference on Supporting group work****Publisher:** ACM [Request Permissions](#)

Full text available: Pdf (252.16 KB)

Bibliometrics: Downloads (6 Weeks): 0, Downloads (12 Months): 34, Downloads (Overall): 1246, Citation Count:

This study analyzes how a group of 'mediators' in a large, multinational company adapted a computer-mediated communication technology (a 'virtual workspace') to the local organizational context (and vice versa) by modifying features of the technology, ...

Keywords: computer-mediated communication, enactment, implementation, sensemaking, structuration, technology adaptation

23 [Factors affecting the implementation success of Internet-based information systems](#)[Sangjae Lee, Kyoung-jae Kim](#)

July 2007

Computers in Human Behavior, Volume 23 Issue 4**Publisher:** Elsevier Science Publishers B. V.**Bibliometrics:** Downloads (6 Weeks): n/a, Downloads (12 Months): n/a, Downloads (Overall): n/a, Citation Count

The Internet has come to revolutionize the way in which business conducts commercial activities. In this paper we report on the development of a model of Internet-based information systems (IIS) implementation in business-to-consumer electronic commerce ...

Keywords: Implementation success, Internet-based information systems

24 [Modeling and estimating the spatial distribution of healthcare workers](#)[Donald E. Curtis, Christopher S. Hoady, Srikanth V. Pemmaraju, Philip M. Polgreen, Alberto M. Segre](#)

November 2010

IHI '10: Proceedings of the 1st ACM International Health Informatics Symposium**Publisher:** ACM [Request Permissions](#)

Full text available: Pdf (3.15 MB)

Bibliometrics: Downloads (6 Weeks): 3, Downloads (12 Months): 3, Downloads (Overall): 3, Citation Count: 0

This paper describes a spatial model for healthcare workers' location in a large hospital facility. Such models have many applications in healthcare, such as supporting time-and-motion efficiency studies to improve healthcare delivery, or modeling the ...

Keywords: electronic medical records, social networks, spatial distributions

25 [Government preparedness: Using simulation to prepare for a terrorist attack](#)[Pavel Aibores, Duncan Shaw](#)
